## 9. What are the contract specifications and tenure?

The tenure for SLB transactions is up to 12 months. 12 fixed monthly tenures with fixed reverse leg settlement dates are available for transactions in SLB. The fixed settlement dates are the first Thursday of the respective month and the date is displayed on the NEAT SLB trading screen at the time of order entry. Each month is assigned to two series to it with January having series as 01 as well as X1 up to December having series as 12 as well as XD.

There shall be two set of contracts i.e. Series for each security available for trading: -

- a. Contracts which shall be mandatorily foreclosed in the event of AGM/EGM (Series 01 to 12)

The regular set of contracts (identified by series as mentioned in Part C (36) of circular 61810 dated April 29, 2024) available for trading shall be mandatorily foreclosed in the event of all corporate actions including AGM/EGM except Dividend and Stock Splits.

b. Contracts which shall not be foreclosed in the event of AGM/EGM  
(Series X1 to XD)

An additional set of contracts (identified by series as mentioned in Part C (37) of circular 61810 dated April 29,2024) available for trading shall not be foreclosed in the event of AGM/EGM. However, these contracts shall continue to be foreclosed for other corporate actions other than dividend and stock split.

The functioning and features of the new series of regular and rollover contracts shall be same as applicable to current series of regular and rollover contracts. The only difference shall be that the new series of contracts shall not be foreclosed in the event of AGM/EGM corporate actions and the contracts shall continue till the respective expiry.

### 11. Do I have to open separate pool accounts for SLBM?

NSDL pool account of NCL for cash segment is used for SLBM settlement as well.

In case of CDSL a separate pool account is required to be opened for SLBM

### 12. What is the action on shortages in SLBS?

#### A. Securities Shortage: -

In case of securities pay-in shortages by the lender in first leg settlement i.e. the lender fails to deliver the security the transaction shall be closed out at a price which shall be higher of:

- 25% of closing price of the security on T+1 day (closing price for the security in the capital market segment of NSEIL), or
- (Maximum trade price of the security in the capital market segment of NSEIL from T to T+1 day) - (T+1 day closing price of the security in capital market segment of NSEIL)

In case of Securities pay-in shortage by the borrower in reverse leg settlement i.e. the borrower fails to deliver securities shall result in a buy-in auction on the reverse leg settlement day. The auction settlement for the same shall be conducted on Auction + 1 day. In case of no-offer in buy-in auction/failure to deliver in auction settlement the transaction shall be closed out at a price which shall be higher of

- a. Maximum trade price in the capital market segment of NSEIL from (reverse leg settlement day – 1 day) to reverse leg settlement day, or
- b. 25% above the closing price of the security in the capital market segment on the reverse leg settlement day.

An additional report shall be downloaded to participants and custodians in case of security shortage in first leg and reverse leg settlement.

**B. Funds Shortage: -**

In the event of funds shortage by the borrower, the SLBS transactions shall be cancelled, or such other action as may be decided by NCL. Accordingly, securities shall be returned to the lenders along-with lending fees. Actions in case of funds shortages shall also be applicable to recall/repay transactions.

**13. In what form can I provide collateral?**

Participants/Custodian, may deposit liquid assets in the form of cash, bank guarantees, fixed deposit receipts, Government of India Securities/T-Bills, equity shares of companies and units of Exchange Traded funds and Open ended Mutual Funds in demat form pledged in favour of NSE Clearing Ltd from any other Depository Participant of NSDL and CDSL and any other form of collateral as may be prescribed by NCL from time to time.

NCL shall not accept Fixed Deposit Receipts (FDRs) and Bank Guarantees from members as collateral, which are issued by the member themselves or banks who are associate of member. Explanation - for this purpose, 'associate' shall have the same meaning as defined under Regulation 2 (b) of SECC Regulations 2012.

**14. How is the adjustment for corporate actions handled in SLBS?**

- **For Dividend:** On book closure start date or record date plus one working day as the case may be, NCL debits the dividend amount on the borrowed shares from the Borrower and credits the same to the Lender.  
NCL shall provide 'Dividend report' (DIV\_<Participant code>\_ddmmyyyy.csv) on shut period start date of the corporate action in slbftp under reports folder.  
In case of early pay-in of securities in reverse leg of securities where the securities have not been further lending the dividend amount is collected from the borrower and passed on to the lender. This amount is paid back by NCL to the borrower on receipt of such dividend.

- **For Stock split:** The positions of the borrower would be proportionately adjusted, and the lender would receive the revised quantity of shares at the time of reverse leg.
- **Other any other corporate actions:** In case of other corporate actions such as bonus/ merger/ amalgamation / open offer etc, the transactions shall be foreclosed on ex-date i.e. the record date itself.  
The lending fee shall be returned by the lender on a pro-rata basis which shall be returned to the borrower by NCL.

#### **15. How does NCL intimate participants about foreclosure announced in a security?**

- NCL receives the information on the corporate action from NSE
- In case of foreclosure of transactions, NCL shall specify the settlement schedule for the purpose of pay-in/pay-out of transactions from time to time.
- NCL shall provide 'SLB Foreclosure report' (Foreclosure\_SLB\_YYYYMMDDD.csv) on website under daily report.
- The report shall give details of shut period, series, foreclosure date and settlement number of corporate actions resulting in foreclosure of transaction.
- Participants/ Custodians shall track corporate action as per announcement date and ensure that Security and funds obligation are met on Foreclosure date and Foreclosure settlement number mentioned in the report.

#### **16. How is shut period identified in case of corporate action?**

1. In case of dividend or stock split corporate actions, the shut period start date shall be Ex-date (Now Record date) minus 1, excluding settlement holidays.
2. For other corporate actions, resulting in foreclosure, shut period start date shall be Ex-date-7 days, excluding settlement holidays or as defined by NCL from time to time.

The shut period end date for all corporate actions shall be Book closure start date or record date of the corporate action. During shut period no transactions, including rollover shall be allowed in the security.

#### **17. What is the procedure to enter Repay and Recall orders?**

Participants/ Custodians shall take note of the following with regards to recall/repay requests.

- Participants can enter recall/repay requests only if they have existing reverse leg positions i.e. only after successful completion of the first leg settlement of the original SLBS transaction. The request can also be made for partial quantity.
- If the Lending /borrowing has happened on T Day, then post settlement completion on T+1 day, the Repay/Recall request can be placed on the trading terminal.
- Participants can enter recall/repay requests till three working days prior to the reverse leg settlement date of the respective SLBS transaction or as per the timelines specified by NCL.

#### **Repay Trade**

- In case of repay, the participant/ Custodian shall first transfer the securities in NCL repayment account with the depositories NSDL and provide details of client specific allocation of the early pay-in of securities. Participant can enter repay request on trading system, after successful allocation of early pay-in of securities to specific clients as per allocation details provided.
- In case of EPI of securities in Reverse Leg, if the repay request is not successful till the reverse leg date, the borrower shall have to forego the lending fee for the balance period.

The lending fee for recall/repay requests shall be at market determined rates. Therefore, participants shall quote the lending fee per share that they wish to forego/except for the balance tenure of lending/borrowing at the time of entering recall/repay requests. Repay/ Recall requests shall be facilitated on a best effort basis.

If the participant does not wish to further lend the securities and only wants the benefit towards margins, the participant/ Custodian shall transfer the securities in the NCL repayment account.

#### **18.Is Custodial Confirmation required for Repay/Recall trades done?**

Yes, it is necessary for the Custodian to confirm.

#### **19.Can I rollover my existing positions to next expiry?**

Yes. As stipulated by SEBI, rollover of an original contract shall be permitted multiple times subject to one condition i.e. the total duration of the contract after

taking into account rollovers shall not exceed 12 months from the date of the original contract.

*Example:*

*If the position has been taken on 08-Dec-2017 the total tenure of the contract shall not exceed 12 months i.e. 08-Dec-2018. Thus the Permissible month of contract beyond which rollover would not be allowed would be DEC-18. In a scenario if the position was taken on 01-Dec-2017, then the permissible month of contract beyond which rollover would not be allowed would be NOV-18 (as DEC-18 Expiry falls on 06-Dec-2018 which is beyond 01-Dec-2018)*

- i. Forty-eight contracts for rollover shall be available.
- ii. The rollover contract shall be identified by a 2-digit alphabetical series in case of regular contracts and alphanumerical series in case of the newly introduced contracts. Each rollover series represents a source series, which participant wants to rollover and the target series. The additional set of 24 rollover contracts shall be used to rollover positions taken in contracts which shall not be foreclosed in the event of AGM/EGM.  
The details of rollover series are provided in our circular 36465 dated December 11, 2017.
- iii. At any point in time rollover contracts shall be available only for near month series. Rollover contract for near month series shall be introduced from next day of expiry of previous monthly series. For example - Rollover from June (06) & (X6) to July (07) & (X7) - JL and U1 or from June (06) & (X6) to August (08) & (X8) - JA and U2 shall be available from next day of expiry of May (05) and (X5).
- iv. The last trading day of rollover contracts shall be the 4th working day prior to expiry of respective near month series, excluding settlement holidays. For example: the last trading day of rollover contracts JL & U1 and JA & U2 shall be 4th working day, excluding settlement holidays, before expiry of June (06) & (X6) series.
- v. In case of corporate actions in a security resulting in foreclosure, no rollover shall be allowed from the series getting foreclosed, of the security. For example-
  - i. If foreclosure date of a security is 16th July 2017, series starting from August (08) & (X8) are foreclosed. In this condition rollover shall be allowed from June (06) & (X6) to July (07) & (X7) and June (06) & (X6) to August (08) & (X8).
  - ii. If foreclosure date of a security is 16th May 2017, series starting from June (06) & (X6) are foreclosed. In this condition no rollover shall be allowed from June (06) & (X6) to July (07) & (X7) or June (06) & (X6) to August (08) & (X8).

**20. Can a lender or borrower extend the tenure of lending or borrowing more than 1 year and what is criteria for same?**
